Over the course of more than 50 years of study, I have used nearly every available version and translation of the Bible. While there are features from other editions that I enjoy, there is no more accurate translation than the New American Standard Bible. That is why I have used it as my primary teaching tool in the pulpit for more than 20 years. I am excited to join The Lockman Foundation in creating the In Touch Ministries Edition of the NASB."

 The Libronix Digital Library System is the technology inside this collection of electronic books. All of the products carrying the Libronix DLS logo work together seamlessly. Books from multiple publishers are automatically integrated into a single digital library on your system. You can expand your library with tools and content from different publishers and everything works together automatically. Look for the Libronix DLS logo to ensure that your growing library remains accessible through one easy-to-use interface!

 The Libronix DLS is a whole new system, but it's from the makers of the Logos Library System -- so it acts as an upgrade to any existing LLS libraries and works with products that carry the Logos Library System logo.

The Libronix Digital Library System logo is a trademark of Libronix Corporation. The Logos Library System™, and the Logos Library System™ logo are trademarks of Logos Research Systems, Inc.
